Handy Field Guide to PDFs

or What the Heck Are Those Buttons Called Again?

Text fields

You can restrict content in these, i.e., you may allow X number of characters or make fields multi-line for sagas.

Types of text fields include

Email Date Signature

Miscellaneous text field trivia

- Fields can be required which may be indicated visually (usually with color) as in Signature, above.
- You can add tool-tips, which are little explanatory phrases that appear when you hover over something.
- All fields are customizable by font, size, color, and alignment.

Radio Buttons

Use these when you need your audience to choose only one option, as one option may be selected at a time.

Pizza is yummy with pineapple should never be in the same room as a pineapple

Check boxes

Check boxes are not dependent on each other. For example, below, you can like both kinds!

I like pizza with pineapple without pineapple

Check & Radio Buttons Trivia: boxes can be customized with colored borders and fields, and have six styles:

Check Circle Cross Diamond Square Star

Drop-down menus

These are multiple-choice questions and can allow set or custom text, or committing user to their first choice.
